Four students, Pakamas Suwannipa, Chaivut Ruamrudeekool, Kunlayanee Pratchayanupap and Kosit Juntaratip from the Faculty of Fine Arts, Chiang Mai University hosted an exhibition of their art works in Bangkok. Presenting art works in Bangkok is not an easy matter as the students must cope with problems such as expenses, distance, lack of convenience, and the high quality required of the art works. If the art work is not of high quality then the investment will not produce results. This activity represents another achievement for the Thai art world. I would like to thank Atikrai Chatikavanij, Claire Chatikavanij and Gridthiya Gaweewong who create this special opportunity for the 4 students. I am sure this experience has given the students and organizers great success.
