It may not be natural for man
to walk on two legs, but it was
a noble invention.

The Bangkok Playhouse was officially
opened on July 28, 1993.

During the first year, the Playhouse
had staged a number of dramatic
performances, concerts and other
cultural activities.

Among other programme activities,
the outstanding features are modern
art exhibitions at its Art Corner, in
the front hall.

Many are skeptical about
arrangement of an art exhibition in
the theatre hall.

What should the answer be?

Entitled: **Lucy's Great Grandson**-
an exhibition to commemorate the
Bangkok Playhouse first anniversary,
contributed by 10 outstanding artists.
Their co-operation, without even
one word of question, is hereby
acknowledge with heartfelt
appreciation.
